Parts for Automobiles

MEIOH PLASTICS MOLDING CO., LTD. with many years of experience can respond over a wide range of molding products.

In a case for insert molding a connector, it might be already a completed electronic component, especially after insert molding.

For this reason, inspection and packing will be carrying out together in the company. We can do OEM production for delivering completed products.

MEIOH PLASTICS MOLDING CO., LTD. is considered to reply to all the requests from the customer.
